Amount in Account	\$16263.24
--------------------------	-------------------

Girls Basketball

Mr. Spain was able to add 6 games back to the schedule from the 8 that was cut.

Boys Basketball

Mr. Spain was able to add 5 games back to the schedule from the 8 that was cut.

Volleyball

Mr. Spain is still working on this schedule, but should be able to get most of the games back that were cut.

Track

There were no cuts to track.

Mr. Spain shared that Coach Eudy had said that we could do the concession for the track meet on Tuesday, April 26th at the high school. There is another track meet that Coach Eudy is going to offer it to Jonesboro School for a fundraiser.

5th & 6th Grade Basketball

We have raised enough money to have 5th & 6th grade program, but will have to wait until January to see what schools will be having the program. At that time, the decision will be made on the extent of the 5th & 6th grade program.

Mr. Laster commended the booster club on their efforts. He said it was obvious that there would be enough money for the 5th & 6th grade program, but it was too early to make a decision on the extent of the program. It will be January before we know what school will have a team. Please pass this around to everyone and if this doesn't answer their questions, please have them send me or Mr. Spain an email and we will get back with them.

Fundraising

Need to continue fundraising, so we can continue to have money in our account for a full baseball & softball schedule next year.

Current Fundraisers

1. Apparel
2. Membership

Future & Possible Fundraisers

1. Apparel & membership table at the parent-teacher conference.
2. Apparel & membership table at the ballgames.
3. Scooter Raffle during basketball season (donated by Kenny Frick)
4. Concessions at SIU Football & Basketball Game – 10% of proceeds will go to booster club (Nikki Hadley working on this)
5. Turkey Federation Raffle – all proceeds will go to booster club (Scott Carter working on this)
6. Would like to explore the idea of having a basketball game between the teachers and the boys & girls basketball with a dinner and different activities going on. This would have to be approved by the school.

(Nikki Hadley brought up about having a dunking booth at a school function. If we could have it in the school if we put something down. Mr. Laster said he didn't think that would work. So, Nikki asked if we could have it in the spring at some type of function. He said sure.)

7. Track concessions.
8. Bowling night at the Strike Zone.

Stacey ended the meeting by thanking Mr. Spain, Mr. Laster and everyone else for attending the meeting.
